**WORK PLAN APPROVAL – SAMPLING AND ANALYSIS PLAN SUPPLEMENT NO.2,  
FORMER CHROMIC ACID TANK LOCATION, PARCEL C, FORMER C-6 FACILITY,  
BOEING REALTY CORPORATION, LOS ANGELES (FILE NO. 95-036)**

Dear Mr. Mossman:

We have received the "Sampling and Analysis Plan, Supplement No. 2" (Work Plan) prepared by Haley & Aldrich dated February 15, 2001. Regional Board staff verbally approved implementation of the Work Plan during a meeting on February 7, 2001, and this letter documents that approval.

The Work Plan presents the scope and rationale for the proposed additional soil investigation at the former chromic acid tank location to further evaluate the soil contamination previously detected. We have completed our review of the Work Plan and approve its implementation.

Please submit one copy of a report presenting the results of the groundwater monitoring data within 90 days of completion of field work.

Please call me at (213) 576-6737 if you have any questions.

Sincerely,

John Geroch  
Associate Engineering Geologist
